

# MINIMUM INDUSTRY STANDARD CONTINUOUS IMPROVEMENT FORM

The Minimum Industry Standards are 'living documents' which are owned by industry and administered by Arboriculture Australia Ltd in partnership with state and territory industry bodies.

Each Minimum Industry Standard is subject to periodic review: a group of subject matter experts and industry representatives will review each document, collate feedback received and make any necessary changes.

Minimum Industry Standards will also be revised in response to changes in the regulatory environment, to the revision of other applicable standards, or to industry feedback.

Please use the form below to submit feedback on the Minimum Industry Standards. All feedback is valued and will be compiled for use in continual improvement. If you believe that your feedback requires urgent attention, for example if you believe that a significant safety improvement can be made by immediately altering the MIS, please mark this on the form in the field provided.

## YOUR DETAILS

leave blank if anonymous submission preferred

Your name:

Email address:

Phone number:

Industry role:

- A Arborist or other tree worker
- T Arboricultural trainer or RTO
- R Regulator or other authority (EG distribution authority)
- S Student
- O Other interested party / Rather not say

**Note:** Providing your name and contact details will allow the technical reference group to seek further clarification of the points raised, or to discuss topics with you in greater detail.

If you would prefer not to provide your contact details, anonymous submissions are welcome

## OVERALL FEEDBACK

leave blank if unknown

Does your feedback require an urgent change? (EG safety issue identified) Yes  No

Which MIS are you submitting feedback for?

Please let us know your feedback for the overall MIS project by indicating how you feel about the statements below.

	Disagree	Don't know	Agree
The MIS project is a positive step for industry	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The overall level of the MIS documents so far is too high	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The overall level of the MIS documents so far is too low	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It was easy to find out about the MISs	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I would like to contribute to this project if there was a way I could help out	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**Please enter detailed feedback or suggestions for improvement in the form field below.** Providing specific details, including page numbers, will assist the review group in correctly incorporating your feedback. Please provide any suggested text.

EG: MIS333 Page 111, remove reference to fall arrest harness, replace with: "correct work-positioning harness must be worn at all times"

We would also appreciate any suggestions you have for MIS subject proposals or for other projects.

**THANK YOU FOR YOUR FEEDBACK!**
